Outdoor Smart Plug

SMARTPLUG

Quick Start Guide

CAUTION :

- Only use this product in a dry area.
- To reduce risk of electric shock, do not put near or in water or other liquid.
- Inspect the power cord and plug for cracks and other damage before each use. Do not use this product if any of the product components have been damaged.
- Connect this product to a properly installed Ground Fault Circuit Interrupter (GFCI) outlet.
- Only use extension cords that are properly sized for unit's operation.
- Do not dismantle or modify the product in any way.
- Store the product indoors when not in use.
- Do not exceed the maximum rated voltage, current, or wattage listed on this product.
- Do not cover this product or allow it to be buried under rugs, furniture, or other materials.
- Only mount or hang the product by the intended hanging loop.
- Fully insert plugs into outlets.

A

Welcome!

Thank you for purchasing Little Giant® products! We appreciate you trusting Little Giant® for your smart farm and ranch automation needs. Your 100% satisfaction is our goal. If you experience any problems with your installation, with our products or if you have any questions that this manual does not answer, please contact us right away. See the Contact Us section for more info.

Thank you!

Product Support

Your Little Giant® Outdoor Smart Plug connects to the internet via a Little Giant® Smart Hub, and it does **not** connect directly to your WiFi or local network. In order for remote access to the device from the app, and for full functionality, a Hub is required. This guide assumes the BARN-IQ™ app has been installed on your smartphone, and a Little Giant® Smart Hub is installed and online (or your location, is already served by a Little Giant® wireless network).

E Install the App

If you are new to Little Giant® Smart Products, please install the BARN-IQ™ app on your phone or tablet, if you have not already. Otherwise, please proceed to the next section.

Scan the QR code below to visit the Smart Products resources page or find the BARN-IQ™ app on the appropriate app store.

Apple phone/tablet
iOS 9.0 or higher

Android phone/
tablet 6.0 or higher

Open the app and tap **Sign up** for an account. You will be required to provide a username and a password. Follow the instructions to set up a new account. Allow notifications when prompted.

You will immediately receive a welcome email from no-reply@miller-mfg.com with some helpful information. Please mark the miller-mfg.com domain as safe, to ensure you receive important messages in the future.

E Install the App, Continued

Log into the BARN-IQ™ app using your new username and password.

The app opens to the **Favorite** screen. This is where your favorite devices and scenes will be shown. You can organize your devices by location, in the **Locations** screen, later.

Refer to the full user guide and online support for instructions on the use of the BARN-IQ™ app.

F Add the Outdoor Smart Plug to the App

1. Tap **Add Device** (if shown) or tap the scanner icon:

Scanner Icon

2. Approve access to your phone's camera, if requested. A viewfinder will be shown on the app.

3. Hold the phone over the QR code on the plug so that the code appears in the viewfinder. When successful, the **Add Device** screen will be displayed.

4. You can change the device name and assign it to a location later. Tap **Bind device**.

F Add the Outdoor Smart Plug to the App, Continued

5. Plug in the Plug to a 120V AC outlet.

6. To turn the Plug on for the first time, press the Power button briefly, until the LED illuminates.

7. You should now be able to control the Plug from the Power/SET button and from the app.

Proceed to the full Installation & User Guide or the online product support to complete the set up of your Outdoor Smart Plug.

G Contact Us

Need help? For fastest service, please email us 24/7 at customerservice@miller-mfg.com

Or call us at 800-260-0888, Monday - Friday 7:00 AM to 5:00 PM CT.
